Online Products Institutional Access Agreement

This Online Products Institutional Access Agreement (“Agreement”) is entered into on the date of the last signature below between the American Chemical Society (“ACS”), a federally-chartered nonprofit located at 1155 16th Street NW, Washington DC 20036 and CRUE-CSIC "R&P" Spain, located at Paseo de Recoletos 27, 3 Planta, Madrid, 28004, Spain (“Grantee”) (ACS and the Grantee are collectively referred to in this Agreement as “the Parties”).

1. SCOPE OF GRANT

ACS grants Grantee non-exclusive and nontransferable permission to access ACS products and services as identified in the attachments to this Agreement (collectively “ACS Products”), subject to the terms and conditions set forth in this Agreement, including all attachments.

2. TERM

a. The Initial Term of this Agreement shall be for three years, from 01 January 2025 through 31 December 2027. Unless otherwise agreed to by ACS and Grantee in writing, or modified or terminated as provided for herein, the Agreement shall automatically renew for additional one-year terms on payment of annual access, subscription and/or platform maintenance fees as set by ACS and agreed to by the Grantee.

b. From time to time, ACS may require the Parties to execute a new Agreement.

3. FEES AND PAYMENTS

a. Grantee agrees to pay ACS the amounts (Access Fee) set forth in the attached “Quote” attachment, as may be supplemented by mutual consent via subsequent quote sheet at the time of renewal. ACS will not activate Grantee’s access to the ACS Products until Grantee provides ACS with: (1) the email address of a contact person; (2) a duly executed Agreement; and (3) any other information required by ACS to set-up and activate Grantee’s access.

b. Grantee agrees to pay all ACS invoiced Access Fees within forty-five (45) days of the invoice date. ACS reserves the right to discontinue Grantee’s access to the ACS Products and to terminate this Agreement in the event Grantee fails to pay all Access Fees in accordance with the ACS invoice.

c. Grantee acknowledges and agrees that Access Fee rates for any renewal term will change from term to term, as may be appropriate.

4. AUTHORIZED USERS; AUTHORIZED SITES

a. If Grantee is a “consortium,” Grantee shall, prior to ACS’s activation of Grantee’s access to the ACS Products, provide ACS with a current listing of all participating consortium members, including physical location and IP addresses. Grantee represents and warrants that it has the right to enter into this Agreement on

behalf of each consortium member. During the term of this Agreement, Grantee shall promptly notify ACS of any changes to the membership of the consortium. Grantee acknowledges that any such changes to the membership of the consortium may necessitate a change in the Access Fee due under this Agreement. Grantee shall notify each consortium member of the terms and conditions for accessing the ACS Products. Grantee further agrees to notify ACS promptly upon learning of any violations of this Agreement by any consortium members and/or consortium members' Authorized and Other Users and will cooperate with the ACS in investigating any such violations or unauthorized uses and in taking reasonable steps to prevent a reoccurrence. Hereinafter, if Grantee is a consortium, the term "Grantee" shall also include the consortium member.

b. ACS grants to Grantee and its Authorized Users at the authorized sites approved by ACS ("Authorized Sites") identified in the Site List and IP Address Attachment ("Site List Attachment"), online access to the ACS Products. This Agreement extends to Grantee and Authorized Users and Other Users individually at Authorized Sites. For purposes of this Agreement, "Authorized Users" means, current employees, faculty and other teaching staff, and officially registered full or part-time students of Grantee. Authorized Users may access the ACS Products from remote sites. Others who are physically present at an Authorized Site may access the ACS Products but may not do so from locations outside of an Authorized Site ("Other Users")

c. Authorized Users will be recognized and authorized by their Internet Protocol ("IP") addresses. Only those IP addresses submitted by Grantee, listed on the Site List Attachment, and approved by ACS will have access to the ACS Products ("Authorized IP Address(es)").

d. For the avoidance of doubt, other academic or research institutions and government or commercial organizations with which Grantee may have certain affiliations that (i) are not directly owned and controlled by Grantee or are not under a single administration with Grantee (ii) are owned by Grantee but would otherwise use the ACS Products for commercial purposes, do not qualify as Authorized Sites. Use of ACS Products by such institutions or organizations requires a separate agreement.

5. GRANTEE RESPONSIBILITIES AND DUTIES

a. Grantee shall exercise reasonable care and shall be responsible for all access control to ensure only Authorized Users and Other Users access the ACS Products for Permitted Use as defined herein. All usage/downloads of ACS content by Authorized Users and Other Users that gain access through the Grantee's firewall, proxy servers and other gateways for users authorized via the Authorized IP Address(es) listed on the Site List Attachment will be factored into the Grantee's Access Fee. Grantee agrees to notify Authorized Users and Other Users of the relevant conditions for accessing ACS Products. Grantee further agrees to notify ACS promptly upon learning of any violations of this Agreement by Authorized Users and Other Users and will cooperate with the ACS in investigating any such violations or unauthorized uses and in taking reasonable steps to prevent a reoccurrence. Grantee shall be responsible for compliance with all terms and conditions of this Agreement.

b. Reasonableness of Use. ACS monitors the volume of searching and downloading activities of Grantee on a routine basis, for the purposes of (i) benchmarking "average" use, noting any significant variance in patterns of usage, and (ii) ensuring compliance with the terms of access and use. ACS may ask Grantee's designated administrator to discuss with ACS any usage pattern(s), ACS questions and, if necessary, work with ACS to reach a solution if a problem is uncovered.

If ACS determines that use is excessive or violates the terms of this Agreement, ACS, in its sole discretion, may (i) on a temporary or non-temporary basis, de-activate the IP address(es) at issue, (ii) issue a surcharge, or (iii) terminate the Agreement in its entirety. ACS prefers to resolve these types of issues with Grantee without de-activating IP addresses, issuing a surcharge, or terminating the Agreement in its entirety and will use reasonable efforts to do so. For purposes of this section, “excessive” shall include (i) use, search activity, downloading and/or exporting that is materially greater than, or different from, typical use patterns of searching, downloading or exporting, and/or (ii) activity that is indicative of an otherwise manual process being automated.

c. Grantee is responsible for providing valid IP addresses for each Authorized Site listed on the Site List Attachment. IP ownership must be verifiable and accepted by ACS. If the Grantee plans to use a Proxy Server or enable Virtual Private Network (VPN) access, such access must be registered with ACS and use an ACS-approved configuration. Access to the site via open proxies and other nonauthenticated proxy servers is prohibited. ACS Products may only be accessed through an Authorized IP Address. Grantee warrants:

- i. Each IP address listed in the Site List Attachment has been assigned exclusively to and is under the exclusive control of Grantee;
- ii. The ACS Products will only be used by Grantee’s Authorized and Other Users for use in accordance with the terms and conditions of this Agreement; and
- iii. Grantee will promptly notify ACS of any changes to Authorized IP address(es).

d. Grantee will use reasonable efforts to ensure that only Authorized and Other Users have access to the ACS Products and use the ACS Products in accordance with this Agreement. Grantee acknowledges the ACS copyright and ownership interests in the ACS Products, that the ACS Products are principal products of ACS, and the importance to ACS of maintaining these rights in the ACS Products.

e. Grantee will exercise reasonable, good faith efforts to:

- i. Inform Authorized and Other Users of the Permitted and Prohibited Uses and to enforce them;
- ii. Monitor usage of the ACS Products for compliance with these Permitted and Prohibited Uses, and notify ACS immediately of any suspected violation by any user;
- iii. Investigate with ACS any violation or suspected violation, whether by an Authorized User, Other User, or unauthorized user; and
- iv. Cooperate with ACS in the resolution of the matter.

Grantee agrees, at ACS’s request, to review from time to time with ACS the efforts described above and to make such changes thereto as may be reasonably necessary. Grantee will be responsible for any failure on its part to act in compliance with the terms and conditions of this Agreement.

f. Grantee is required to notify ACS of any infringements of copyrights or unauthorized use of which they become aware. Grantee will cooperate with the ACS in investigating any unauthorized uses and in taking reasonable steps to prevent a reoccurrence.

6. PERMITTED USES

a. Authorized Users and Other Users may view, download, save, or print individual articles, individual book chapters, or other individual items from the ACS Products for their personal scholarly, research, and educational use. Authorized Users and Other Users may make a printed copy of individual articles, individual book chapters, or other individual items from the ACS Products for the internal or personal use of others who are Authorized Users but who are unable to access the ACS Products. Authorized Users and Other Users may include (and are encouraged to provide) links to the ACS Products as part of course pack offerings or within an e-mail communications.

b. Except as set forth in Prohibited Uses herein, Grantee may use the ACS Products to fulfill requests for Interlibrary Loans (“ILL”) by transmitting a copy of an article in PDF format via electronic transmission or by mail, fax, Ariel, or other ILL mechanisms. ILLs are permitted to support non-commercial scholarly research by patrons of other libraries such as public, school, or college libraries. Such ILL shall be limited to non-systematic, infrequent and sporadic transmissions to a third party, which as a general rule should mean a de minimis number of free article copies of individual journal articles, individual book chapters, or other individual items from the ACS Products per year. Notwithstanding anything to the contrary, international cross-border ILL is not permitted. ILL to libraries of commercial entities is not permitted.

c. Grantee or Authorized Users may provide print or electronic copies of individual items taken from ACS Products to national or international regulatory authorities in connection with the preparation or submission of the Grantee’s or Authorized User’s applications for patents, drug, and other product approval, provided that such applications do not amount to commercial redistribution for direct profit. Grantee and Authorized Users may supply print or electronic copies of individual items taken from the ACS Products when required by law.

d. Grantee or Authorized Users may reactively supply print or electronic copies of individual items taken from ACS Products to healthcare professionals or other third parties in response to enquiries relating to Grantee’s medical products. Such copies must carry, without modification, those copyright notices already incorporated in the ACS Products. This use of the ACS Products is restricted to responding to enquiries only. For the avoidance of doubt, this excludes proactive or multiple supplies of articles for marketing, sales, or other purposes, including any activity that would replace a subscription or the purchase of reprints.

7. PROHIBITED USES

a. Except as provided in Permitted Uses herein, Grantee, its Authorized Users and Other Users agree not to forward, transfer, sell, rent, or otherwise knowingly distribute or provide access to the ACS Products or any portions thereof, to any third party. Individual articles, individual book chapters, or other individual items from the ACS Products and other information obtained under this Agreement may not be used for fee-for-service purposes such as document delivery, except under a separately negotiated transactional agreement. The ACS Products may not be used to supply single articles, individual book chapters, or other individual items to ILL requesters that are employed by a commercial organization or by a library that belongs to a for-profit company without prior written approval of ACS.

b. Authorized Users and Other Users may not use ACS Products to support work performed on behalf of any commercial entity other than the Grantee. Grantee agrees to take all reasonable measures to ensure proper

use of ACS Products by Authorized Users and Other Users, and agrees to remedy identified cases of prohibited use.

c. Authorized Users and Other Users may not modify, alter, or create derivative works of the materials contained in the ACS Products without prior written permission from ACS. Indexing, by human or machine means, aggregating, data mining, peer-to-peer (or similar) file-sharing are all prohibited uses unless Grantee concludes a specific, separate agreement with ACS to do so. Authorized Users and Other Users may not use illustrations or other graphic excerpts or abstracts without a complete citation and the inclusion of a persistent URL link to the appropriate material within ACS Products.

d. Individual articles, book chapters, and other individual items from the ACS Products that include information obtained as a result of access to the ACS Products are not to be systematically downloaded, re-published in any media, print or electronic form. Individual articles, book chapters, or other individual items from the ACS Products may not be downloaded in aggregate quantities or centrally stored for later retrieval. Systematic storing or repository building of individual downloaded articles, book chapters, or other individual items from the ACS Products, including, but not limited to, storage through third-party services, for institution-wide use is strictly prohibited.

e. Grantee acknowledges that ACS may prevent Grantee, its Authorized Users and Other Users from using, implementing, or authorizing use of any computerized or automated tool or application to search, index, test, or otherwise obtain information from ACS Products (including without limitation any “spidering” or web crawler application) that has a detrimental impact on the use of the services under this Agreement. Grantee agrees to assist ACS in correcting unauthorized use of such methods or applications and acknowledges that ACS may from time-to-time implement tools or other controls on the ACS Products to regulate or restrict use of computerized or automated applications that are used to search, index, test, or obtain information from the ACS Products. ACS acknowledges that Grantee may not be able to prevent its Authorized Users and Other Users from using such methods or applications.

8. TRIAL AND/OR NEW SUBSCRIPTIONS

Grantee may from time to time during the term of this Agreement desire access to other ACS products and/or services not identified in this Agreement as ACS Products, either for a limited, trial period (“Trial Subscription”) to determine its usefulness or suitability to Grantee or for changes to the list of ACS Products for the remainder of the term of this Agreement. Similarly, Grantee may from time-to-time during the term of this Agreement desire access to other ACS products and/or services through the Metered Access Plan (MAP). Grantee’s access to and use of any and all such additional ACS products and/or services shall be subject to and governed by all applicable Terms and Conditions of this Agreement.

9. SCOPE OF ACCESS

a. ACS shall use reasonable commercial efforts to provide continuous availability of ACS Products through the Internet. It is understood that availability will be subject to periodic interruption due to maintenance of the server(s), installation or testing of software, loading new information files, and downtime related to equipment or services outside the control of ACS including public and private telecommunications services or Internet nodes or facilities. ACS shall not be liable for any delay, downtime, transmission error, software or equipment incompatibilities, force majeure or other failure of performance.

b. ACS shall comply with the Americans with Disabilities Act (ADA), by supporting assistive software or devices such as large print interfaces, text-to-speech output, voice-activated input, refreshable braille displays, and alternate keyboard or pointer interfaces, in a manner consistent with the Web Accessibility Initiative Web Content Accessibility Guidelines 2.1 Level AA (<http://www.w3.org/WAI/guid-tech.html>) to the degree indicated in its current Voluntary Product Accessibility Template (VPAT), a copy of which will be provided upon request, and is incorporated herein by reference. ACS represents and warrants that the aforementioned VPAT substantively shows its degree of compliance with Section 508 of the Rehabilitation Act of 1973. Nothing in this Agreement shall limit the Grantee from making lawful, noninfringing uses to facilitate access to the ACS Products by Authorized Users and Other Users who have disabilities. For the avoidance of doubt, the ACS authorizes such uses.

c. Except for termination for cause, upon request at the time of cancellation or expiration of this Agreement, Grantee will be provided access to the ACS Products from the ACS Web Editions published during Grantee's subscribed access period only. Upon cancellation of all or part of subscribed access, Grantee may retain digital access rights to only those journals that were subscribed to and published during the time the Grantee had an active, paid subscription to ACS Web Editions. Such digital access rights shall be contingent upon payment of an annual post-cancellation platform maintenance fee. Chemical & Engineering News, Reagent Chemicals, Backfile or Archive products, eBooks Symposium Series, or content acquired via ACS Articles on Command, ACS Metered Access, and ACS Lab Packs have no post cancellation rights. Agreements that terminate through cause or default have no post cancellation rights under this program. Upon cancellation of ACS Products, no additional service will be provided save the aforementioned options for the ACS Web Editions.

d. ACS will make reasonable efforts to maintain the legacy archive of journal articles published in PDF format between 1879 and 1995. In the event that it proves commercially unreasonable for ACS to maintain the ongoing availability of the PDF legacy archive, ACS, in consultation with its customer advisory panel, will make a conservation copy of the archive available through an acceptable repository to institutions that have access via a separate agreement.

e. ACS will make reasonable efforts to maintain the ACS Symposium Series Archive, Current Editions of the Symposium Series, and other similar eBook published content, online published in PDF and/or HTML format. In the unlikely event that it proves commercially unreasonable for ACS to maintain the ongoing availability of the content, ACS, in consultation with its customer advisory panel, will make a conservation copy of the ACS Symposium Series Archive and Current Editions of the Symposium Series online available through an acceptable repository.

f. ACS agrees to provide Grantee COUNTER compliant or, in the event that COUNTER is superseded by another reporting standard, comparable usage reports via a self-service web site on a monthly basis for applicable ACS Products subscribed to by Grantee under this Agreement.

10. DISPUTES

The Parties agree to enter into negotiations to resolve any controversy, claim or dispute ("Dispute") arising under or relating to this Agreement. The Parties agree to negotiate in good faith to reach a mutually agreeable resolution of such dispute within ten (10) days of written notice of the dispute or such other time period as ACS and Grantee mutually agree. If the dispute is not timely resolved, the Parties agree, on request of either Party, to resolve the dispute by binding and final arbitration in accordance with the ICC International Court of Arbitration

Rules then in effect and in accordance with applicable law.. The arbitrator(s) shall be bound to follow the provisions of this Agreement in resolving the dispute, and may not award specific performance or punitive damages. The decision of the arbitrator(s) shall be final and binding on the Parties, and any award of the arbitrator(s) may be entered or enforced in any court of competent jurisdiction. The Parties agree that the conduct and results of the arbitration will be kept confidential except as required by law. Notwithstanding anything in this Section to the contrary, disputes in which there is a claim for injunctive relief or other equitable remedy, including specific performance, may be brought in any court having competent jurisdiction throughout the world.

11. TERMINATION

a. Termination for Default. If either party breaches a term of this Agreement, the other may send written notice of the breach, including a reasonable cure period of not less than seven (7) business days. If the breach is not cured within that time, or if the Parties do not reach a satisfactory agreement on extending the cure period, then the non-breaching party may terminate this Agreement effective immediately upon written notice.

b. Termination for Convenience. Either party may cancel this Agreement at any time by providing the other party with sixty (60) days prior written notice. In the event of such a termination by Grantee, Grantee shall not receive a pro-rated refund of the unused Access Fee, and in the event of such a termination by ACS, Grantee shall be entitled to receive a pro-rated refund of the unused Access Fee. Notwithstanding, in cases of multi-year subscriptions, Grantee may not cancel this Agreement until after the completion of the agreed-upon multi-year Term.

c. Termination Due to Insufficient Funds. A Grantee may cancel within a multi-year subscription commitment, informing ACS no later than the 30th of November of the current year, in the case of non- or insufficient appropriation of funds. In such a case, this Agreement will be considered cancelled from the 1st of January of the subsequent year, except for those obligations that continue according to Agreement or that continue by their nature, including any post termination access for the subscribed content. For the avoidance of doubt, since multi-year subscriptions are provided at a discounted rate, for any subsequent one-year subscriptions by Grantee or for a member rejoining a consortium within the multi-year term the rate for such Grantee or member shall revert to the appropriate non-discounted rate. In the case of a consortium, the Parties will confirm the appropriately adjusted fee for the subsequent year by the 1st of December of the current year.

12. COPYRIGHTS; OTHER INTELLECTUAL PROPERTY RIGHTS

Except as otherwise specifically noted, ACS is the owner of all right, title and interest in the content of the ACS Products, including, without limitations, individual journals, articles, abstracts, book chapters, proceedings. All ACS Products are protected under the Copyright Laws of the United States Codified in Title 17 of the U.S. Code and subject to the Universal Copyright Convention and the Berne Copyright Convention. Grantee agrees not to remove or obscure copyright notices. Grantee acknowledges that it has no claim to ownership of any part of the ACS Products or other proprietary information accessed under this Agreement.

The names “American Chemical Society”, “ACS”, and the titles of the journals and other ACS Products are trademarks of ACS.

13. DISCLAIMER OF WARRANTIES; LIMITATION OF LIABILITY

ACS warrants that it is entitled to grant this Agreement. EXCEPT AS SET FORTH IN THE PRECEDING SENTENCE, ACS MAKES NO WARRANTY OR REPRESENTATION OF ANY KIND, EXPRESS OR IMPLIED, WITH RESPECT TO THE ACS PRODUCTS INCLUDING THEIR QUALITY, ORIGINALITY, SUITABILITY, SEARCHABILITY, OPERATION, PERFORMANCE, COMPLIANCE WITH ANY COMPUTATIONAL PROCESS, MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

ACS SHALL NOT BE LIABLE FOR: EXEMPLARY, SPECIAL, INDIRECT, INCIDENTAL, CONSEQUENTIAL OR OTHER DAMAGES ARISING OUT OF OR IN CONNECTION WITH THE AGREEMENT GRANTED HEREUNDER, THE USE OR INABILITY TO USE ANY ACS PRODUCT, ACS'S PERFORMANCE UNDER THIS AGREEMENT, TERMINATION OF THIS AGREEMENT BY ACS OR THE LOSS OF DATA, BUSINESS OR GOODWILL EVEN IF ACS IS ADVISED OR AWARE OF THE POSSIBILITY OF SUCH DAMAGES. IN NO EVENT SHALL THE TOTAL AGGREGATE LIABILITY OF ACS OUT OF ANY BREACH OR TERMINATION OF THIS AGREEMENT EXCEED THE TOTAL AMOUNT PAID BY GRANTEE FOR ACCESS TO ACS PRODUCTS FOR THE CURRENT YEAR IN WHICH SUCH CLAIM, LOSS OR DAMAGE OCCURRED, WHETHER IN CONTRACT, TORT OR OTHERWISE, INCLUDING, WITHOUT LIMITATION, DUE TO NEGLIGENCE. The foregoing limitations and exclusions of certain damages shall apply regardless of the success or effectiveness of other remedies. No claim may be made against ACS unless suit is filed within one (1) year after the event giving rise to the claim.

14. PRIVACY

Each Party acknowledges and agrees that both Parties may be required to comply with certain data protection, privacy, and/or information security laws, rules, regulations, or guidelines enforced in the jurisdictions in which Grantee and/or Authorized Users utilize the ACS Products related to the collection and processing of Personal Data, including, without limitation, the European Union General Data Protection Regulation (the "Privacy Laws"). Grantee agrees that ACS may collect, use, and otherwise process Personal Data in accordance with the ACS Privacy Policy, available at <https://www.acs.org/privacy.html> and incorporated herein by reference. Each Party agrees to employ appropriate administrative, physical, and technical safeguards designed to protect the Personal Data submitted to ACS or otherwise processed through access to and use of the ACS Products. Each Party shall promptly notify the other Party in the event of any unauthorized use, disclosure, collection, or access of Personal Data.

15. INDEMNIFICATION

Grantee agrees to indemnify ACS against any and all claims brought by Authorized Users and/or Other Users and/or Consortium members against ACS and any claims brought against ACS resulting from any actions by Authorized Users and/or Other Users and/or Consortium members. If Grantee is a "consortium," all references to "Grantee" in this Agreement shall apply equally and fully to the Consortium and each of its members.

16. ANTI-BRIBERY AND CORRUPTION

Grantee agrees that, in the procurement of this Agreement, it, and each of its direct or indirect owners or other financial interest holders ("Owners"), directors, employees, and every person working for it or on its behalf (collectively "Representatives") have not violated the Foreign Corrupt Practices Act, the UK Bribery Act 2010, or any other applicable laws and regulations prohibiting public or commercial bribery, extortion, kickbacks, or other unlawful or improper means of conducting business.

Grantee agrees to comply with all applicable U.S. export control and sanctions laws and regulations. Grantee represents and warrants that (i) Grantee is not designated or otherwise identified on any of the various U.S. government lists of denied/sanctioned parties, including, but not limited to, the U.S. Treasury Department, Office of Foreign Assets Control's Specially Designated Nationals and Blocked Persons List, Sectoral Sanctions Identifications List, or Foreign Sanctions Evaders List; the U.S. Department of Commerce's Denied Persons List, Unverified List, or Entity List; or the U.S. Department of State's Non-Proliferation Sanctions Determinations lists, and (ii) Grantee is not 50% or more directly or indirectly owned, in the aggregate, by one or more individuals or entities identified on any of the various U.S. government lists of denied/sanctioned parties. Grantee agrees that ACS may cease performance of this Agreement if ACS deems such cessation necessary, in its sole discretion, to ensure compliance with applicable law. Under such circumstances, Grantee agrees that ACS shall be released from responsibility for fulfilling its obligations under this Agreement and shall not be subject to any penalties or other liability for breach of contract or any other legal or equitable claim.

17. GENERAL

This Agreement sets forth the entire understanding of the Parties and, except as provided herein, may not be modified without the express written consent of both Parties. Grantee acknowledges that the delivery of the ACS Products will occur in the District of Columbia, USA. Grantee shall pay any taxes lawfully due from it, other than taxes on ACS's net income, arising out of Grantee's use of ACS Products and/or other rights granted under this Agreement. Grantee may not assign or transfer its rights under this Agreement without the express written consent of ACS.

18. ACCEPTANCE

Signing this Agreement constitutes acceptance by Grantee of the terms and conditions contained herein. Grantee warrants that it has read and understands this Agreement. The undersigned represents and warrants that he/she has the authority to enter into this Agreement on behalf of the Grantee. If Grantee uses a purchase order in conjunction with ordering or paying for the ACS Products, the Parties agree that the terms and conditions of the purchase order will in no way modify, delete, or supersede the terms and conditions of this Agreement. Any discrepancy between the purchase order and this Agreement will be resolved in favor of this Agreement.

ACCEPTED:

I have read and agree to adhere to and abide by all the terms and conditions of this Agreement.

READ & PUBLISH PROGRAM – Open Access Addendum**

This Read & Publish Program Agreement (“Agreement”) is effective as of the date of the last signature below and is made by and between the American Chemical Society (“ACS”), a federally chartered nonprofit located at 1155 16th Street NW, Washington DC 20036, and CRUE-CSIC "R&P" Spain, Paseo de Recoletos 27, 3 Planta, Madrid, 28004, Spain (“Grantee”). If the Grantee is a consortium, the term Grantee shall also mean each member institution of the consortium. ACS and Grantee hereby add this Addendum to the Agreement (defined below).

Whereas, Grantee has access to certain ACS products and services under the above Online Products Institutional Access Agreement to which this Addendum is attached or under an Online Products Institutional Access Agreement entered into between ACS and Grantee on as of the date of signing of this Addendum continues to be in effect (either Online Products Institutional Access Agreement, hereinafter “Agreement”), and

Whereas, Grantee wishes to participate in ACS’s Read & Publish Program, and ACS agrees to Grantee’s participation, subject to the terms and conditions of the Agreement and this Addendum,

Now, therefore, the Parties hereby agree as follows:

a. Read & Publish Program: ACS’s Read & Publish program is specifically designed for the Grantee to facilitate the immediate open availability (“Open Access”) of its ACS published articles at the time of online publication. Open Access allows members of the public to access the Open Access article without a subscription to ACS products and services. Notwithstanding anything to the contrary, availability and use of such articles shall be governed by the terms and conditions of the most current version of the Creative Commons CC-BY license.

Grantee hereby acknowledges and agrees that participation in the Read & Publish Program is based upon and directly tied to subscription by Grantee to the ACS All Access or All Publications journal product packages. Discontinuation of the aforesaid subscription or termination of the Agreement, for whatever reason, shall also terminate the participation in the Read & Publish Program. Capitalized terms not defined herein shall mean the same as in the Agreement.

b. Qualifying Authors: Corresponding authors of Grantee submitting article manuscripts for ACS publication qualify to have their articles published under this Addendum, if all the following conditions are met at the time of submission of the manuscript:

1. corresponding author must be identified as the individual who is to communicate with ACS through the peer review process;
2. corresponding author must be an Authorized User, as such term is defined in the Agreement;
3. corresponding author must indicate affiliation to Grantee by identifying the Grantee via a provided dropdown menu during the online manuscript submission process.

It is highly recommended for ease of identification and administrative matters that corresponding authors utilize during the manuscript submission process a current email address extension that is directly associated to the Grantee (or member institution, as the case may be).

For the avoidance of doubt, a corresponding author is the author handling the manuscript submission and correspondence during the publication process, who has the authority to act on behalf of all co-authors regarding publication of the manuscript. The corresponding author must be primarily affiliated with the Grantee, for the submitted manuscript, if accepted for publication, to publish as Open Access under this Addendum.

Corresponding authors meeting all the aforementioned criteria are hereinafter referred to as “Qualifying Authors.”

c. Tokens and Fee: For the Agreement, ACS shall grant Grantee Tokens on an annual basis for the Term of this Addendum upon invoicing of the subsequent year. The Tokens will cover the annual publishing volume from the Grantee (or member institutions, as the case may be). ACS reserves the right to discontinue Grantee’s participation in the Read & Publish Program and to terminate the Agreement and this Addendum in the event Grantee fails to pay all fees in accordance with the appropriate ACS invoice.

Grantee agrees that Tokens have no redeemable monetary value. For the avoidance of doubt, in the event of discontinuation of Grantee’s participation in the Read & Publish Program or Agreement termination, unused Tokens will not be refunded as a sales credit or otherwise. Tokens expire twelve (12) months after the Term of this Addendum. Notwithstanding, Tokens may be used solely for articles accepted within the Read + Publish Agreement term for which they were issued. For example, any unused Tokens left at the end of 2027 remain viable through 2028 but must be used retroactively for an article accepted between January 01, 2025 and December 31, 2027. Tokens cannot be used for articles accepted before January 01, 2025.

For each article published under the Read & Publish program, one (1) Token will be considered used. Tokens can be used for publication in all ACS journals, including the hybrid journals and all gold open access journals, but cannot be used for eBooks. Articles that are additions or corrections or editorials are also not eligible under the Agreement. If consensus between ACS and the Grantee to continue support of open access publishing through the agreement is not met per the previous paragraphs, Open Access will revert to direct payment of a fee by the Qualifying Author for publication of such author’s article(s) under open access conditions, and such policy shall be in accordance with the ACS Open Access publishing program options. For clarity, Parties acknowledge that a Qualifying Author, despite the availability of the Agreement, has the option to direct the ACS to publish the article via ACS’s subscription model.

d. Workflow: Grantee understands that the process flow for the Agreement is systematized through the Copyright Clearance Center (CCC). Accordingly,

1. Grantee will have ACS Open Access Token account with the CCC.
2. A Qualifying Author—whose Grantee (or member institution, as the case may be) affiliation has been identified at the time of manuscript submission—will be offered the Open Access option during acceptance of the manuscript if Grantee has available Tokens. If the Qualifying Author selects such option, then the author will be directed to the CCC for requesting their article be processed as part of the Agreement.

3. Simultaneously, an email providing notice will be sent to the Grantee designated administrator who will be required to approve or reject Open Access publication of the article.

4. Once approved, a Token will be debited from the Grantee's Agreement Token balance. Tokens are used on a first ordered, first approved basis.

5. The CCC shall notify Qualifying Authors of the Open Access funding status of their article(s).

6. The CC-BY license will control third-party access to and use of the final published article.

e. Definitive Articles of Record: All ACS articles published hereunder as maintained on the ACS website represent the definitive articles of record. Articles (unless identical copies of the most current definitive articles of record) posted to or displayed by institutional repositories or non-ACS websites are without warranty from ACS of any kind, either expressed or implied, including, but not limited to, warranties of merchantability, fitness for a particular purpose, or non-infringement. In no event shall ACS be liable for any loss or damage arising out of or in connection with the use or performance of information contained in articles posted or displayed on institutional repositories or non-ACS websites.

f. Reports: Token balance and reports tracking articles published under this Addendum will be available through self-service reporting tools provided in the Grantee's designated administrator's view in the CCC's ACS Open Access program webpages. Information supplied will include Qualifying Author, Grantee, ORCID ID (if supplied by the author), article title, DOI, journal, and Token date.

g. General: ACS is not liable for any article not made open by ACS for an author who does not provide to ACS, during the manuscript submission process, the applicable name of the Grantee (or member institution, as the case may be) and the recommended Grantee (or member institution, as the case may be) email address, or otherwise does not meet at the time of submission of the manuscript the aforementioned criteria of a Qualifying Author[s].

Dña.
